MARK MEYER

The Call Committee had its first meeting on August 28th, 2018. The key part of the call process is to determine from leadership and from the congregation, what characteristics and qualities are desired in our next senior pastor. After those surveys are completed and analyzed, the call committee will update the senior pastor position description. Once the position description is finalized by the Voters' Assembly, the call committee will seek pastor nominations from the congregation. The nomination process will commence on Dec 9th, 2018 and close on January 7th, 2019. All nominations forms received will be forwarded to the Missouri District President.

Please continue to uplift Timothy, the divine call process, and each of the Call Committee members in your prayers.
